Resolved, that the request for approval of the Course Substitution Policy and Form, as recommended by the Educational Policy and Standards Committee of the Academic Senate, the Interim Vice President for Academic Affairs and the President, be and hereby is, approved. The policy and form shall read as follows:

**COURSE
SUBSTITUTION
POLICY AND FORM**

Academic Affairs Course Substitution Policy

Reason the policy is needed:

- To assure that course substitutions are applicable to degree or certificate completion at HVCC.
- To assure the academic integrity of HVCC curriculum.

Purpose of the policy:

- Outline the specific circumstances under which one course may be substituted for another.
- Identify the individual(s) who may request a course substitution and/or approve a course substitution.
- Define the specific procedures to be followed to seek approval to substitute one course for another.

Course Substitution Policy

A matriculated student must follow an approved curriculum as published in the College catalog at the time of admission. In rare cases, course substitutions may be requested. Substitution for specific course requirements must be approved by the program department chair in consultation with the chairperson of the department having responsibility for the substituted course.

Courses may be substituted if they satisfy one or more of the following:

- Courses at a higher level may be substituted for those at a lower level.
- Courses that have been approved as SUNY general education courses at the SUNY transfer institutions may be accepted for transfer and eligible for substitution. SUNY General Education classification(s) by transfer institutions will be honored by HVCC. All general education courses from non-SUNY institutions must be evaluated for general education classification by the Vice President for Academic Affairs or designee in order to be eligible for substitution of a general education elective requirement.
- Non-equivalent transfer courses may be applied to appropriate elective categories.
- Courses that are 75% equivalent are deemed to be equivalent.
- Courses designated as “honors” may be substituted for non-honors courses, if course content is similar.
- Students who have earned a Bachelor’s degree may be permitted to substitute other English courses for English Composition 1 and/or 2.
- Students who have a documented disability (documentation maintained in the Center for Access and Assistive Technology) may request an appropriate course substitution, depending on the nature of the accommodation and the course requirements.

Course substitutions may not be made to satisfy the requirements of a transfer institution.

Procedure for requesting a course substitution:

- Course substitution requests must be reviewed and approved, via signature on a completed Course Substitution Form, by the Department Chair and Dean of the department in which the degree or certificate program resides. If necessary, consultation with the subject Department Chair will be indicated on the form. If consultation is not applicable, then an explanation detailing non-applicability will be included in the comments section.
- Completed, approved Course Substitution Forms are submitted to the Registrar's Office.
- Every effort will be made to submit course substitutions to the Registrar's Office by the census date of the semester in which the student is enrolled in the course.
- The Registrar or designee will record the course substitution within 10 business days of the date of receipt by the Registrar's Office. In the event that the Registrar's Office has a question about form, the Registrar will contact the Department Chair who submitted the form. If the question cannot be resolved, then the form will be sent to the appropriate division Dean for review. If the question still cannot be resolved, then the form will be submitted to the Vice President for Academic Affairs for review and resolution. The decision of the Vice President for Academic Affairs is final and cannot be appealed.
- Departments requesting the same substitution for multiple students, and/or departments that request substitutions for required courses and restricted electives during a specific academic year, will be required to evaluate whether there is a need to submit a program revision and, if so, will submit that revision to the Hudson Valley Community College Curriculum Committee.
- Any course substitution request that falls outside the parameters delineated in this policy will be sent to the appropriate Department Chair, division Dean, and the Vice President for Academic Affairs for review and approval.
