BMP Maintenance #29

TITLE: COMMERCIAL PESTICIDE APPLICATOR BUSINESS DOCUMENTS

Regulatory Citation: 6 NYCRR, Part 325

Applicability: Application of pesticides at HVCC

Purpose: Ensure that pesticides are applied by Commercial Applicators that are registered with NYSDEC.

Person or Department Responsible: Physical Plant Operations Manager
Director of EHS

Schedule: Annually or when contract for services is issued

Procedures: Prior to use of a commercial pesticide applicator, the Operations Manager or the EHS Office will obtain the following documents from the commercial pesticide company:

- business' registration form and NYSDEC approval to commercially apply pesticides
- the applicator or technician's identification card issued by the NYSDEC. If the identification card is in good order (not expired), the applicator and/or technician may proceed with the pesticide application.
- The Material Safety Data Sheets for all products that will be used
- The company's Integrated Pest Management Program

Current Vendor: Northeast Pest Control, Albany NY
True Green
Faddegons Nursery
Brickman (athletic/basball field)
B&L or other mechanical equipment contractors

Recordkeeping: Copies of all the above documents will be kept for the duration of the contract and updated annually as needed.

Record Location: EHS Office, environmental files

Contact: Operations Manager 629-7356
