BMP# MFT #3

TITLE: METAL CHIP AND SCRAP METAL RECYCLING

Regulatory Citation: 6 NYCRR Part 371.1(g)

Applicability: Metal chips and scrape metal.

Purpose: Proper management and recycling of metal chips and scrap metal.

Person or

Department Responsible: MFT Laboratory Technician (629-7377)

Schedule: As needed

Procedures: Following each class, all metal chips and scrap metal will be segregated and placed into containers labeled "Brass", "Steel" and "Aluminum". The containers must be stored inside, away from rainwater and periodically inspected for spillage. Once the containers are full the MFT Technician will notify the Physical Plant Grounds for transport of the metal to the scrap metal dumpster at Cogan. If the container is placed outside for pick up, the MFT Technician will ensure it is covered to protect from rainwater or snow from entering the container.

Record keeping: N/A

Record Location: N/A
